Joining a music group is a fantastic way to help young musicians progress and feel excited about playing their instrument. Music groups fosters teamwork, gives a sense of self-accomplishment, helps shape self-confidence and provide a safe social setting for long lasting friendships to be made.

# WHAT OUR STUDENTS HAVE TO SAY

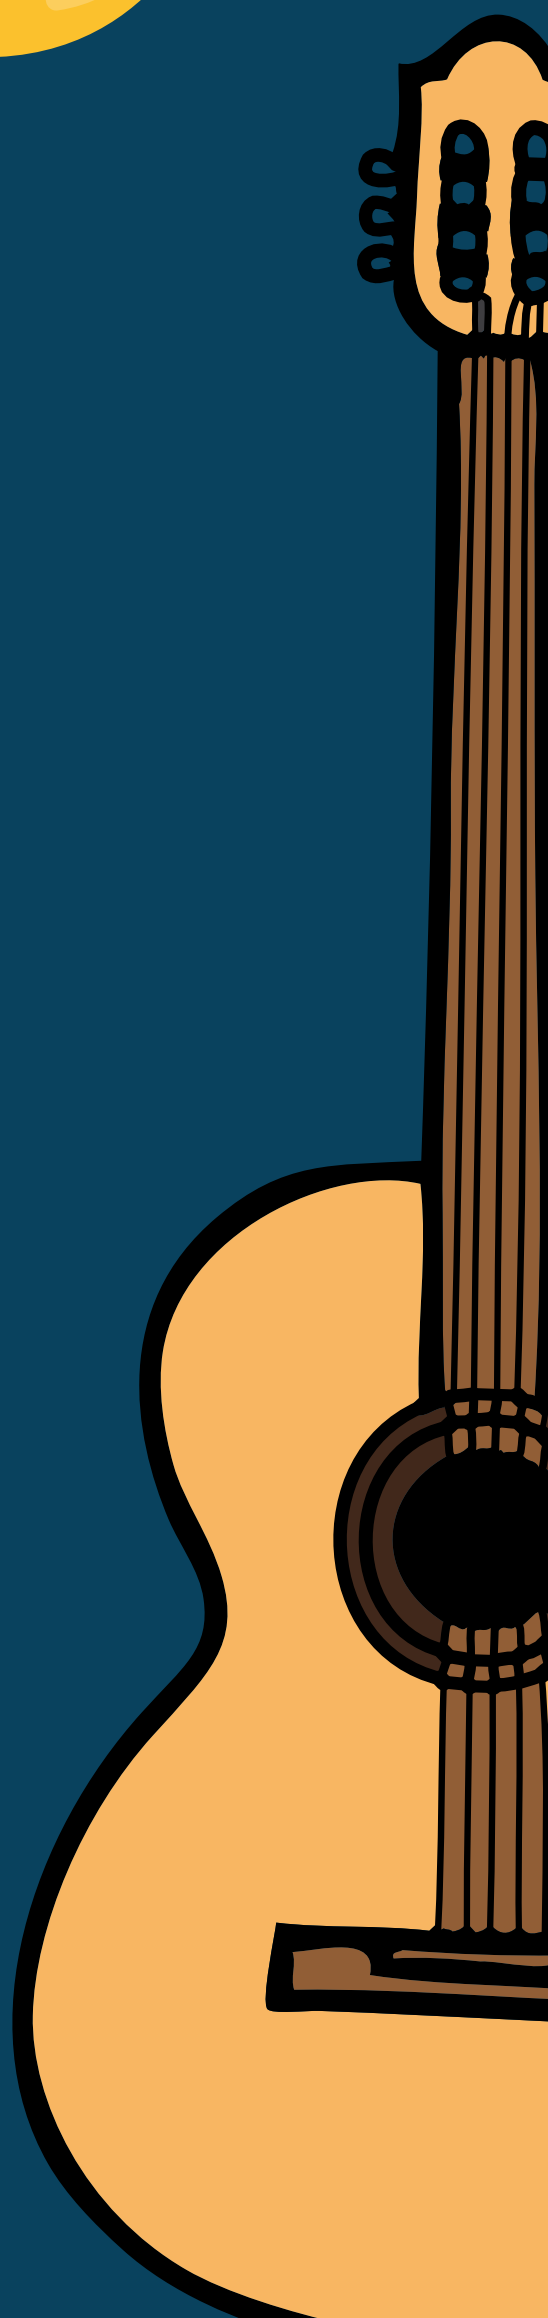

## PARENT OF JACK, AGE 10

“Jack’s confidence in playing has grown massively since he joined and he loves playing in a large group. It is also inspiring to see the older groups and know that this is where he could get to if he keeps practicing”

## PARENT OF EVIE, AGE 11

“The group is warm and welcoming. Evie has learnt new musical skills - aural and technical - and made some good friends. Extra curricular activities are vitally important and all children should have the opportunity to play.”
